**OUR PLEDGE REGARDING YOUR PROTECTED HEALTH INFORMATION:**

The privacy of your protected health information or "PHI" is important to us. This notice will tell you about the ways in which we may use and disclose your PHI. This notice describes your rights with respect to your PHI we collect and maintain and also describes certain obligations we have regarding the use and disclosure of your PHI.

We are required by law to:

1. Maintain the privacy of your PHI;
2. Give you this notice describing our legal duties, privacy practices, and your rights regarding your PHI we collect and maintain;
3. Notify you if we discover a breach of any of your PHI that is not secured in accordance with federal guidelines; and
4. Follow the terms of the Notice of Privacy Practices that is currently in effect.

**YOUR RIGHTS REGARDING YOUR PROTECTED HEALTH INFORMATION:**

You have the following rights with respect to your PHI:

**1. Right to Inspect and Copy:** You have the right to inspect and copy all or any part of your medical or health record, as provided by federal regulations. You may request and receive an electronic copy of your PHI if The Women's Group of Northwestern maintains your PHI in an electronic health record.

To inspect and copy your PHI, you must submit your request in writing to our Privacy Officer at the address listed on the first page of this notice. If you request a copy of your PHI we may charge a reasonable, cost-based fee in accordance with state law for the costs associated with fulfilling your request.

We may deny your request under certain limited circumstances.

**2. Right to Amend:** You have the right to request that we amend your PHI or a medical or health record about you if you feel that health information we have about you is incorrect or incomplete. You have the right to request an amendment for as long as we keep the information. To request an amendment, your request must be made in writing, submitted to our Privacy Officer at the address listed on the first page of this notice, and must provide a reason that supports your request for an amendment. We may deny your request under certain limited circumstances.

**3. Right to an Accounting of Disclosures:** You have the right to request a list accounting for any disclosures of your PHI we have made, except for disclosures made for the purpose of treatment, payment, health care operations and certain other purposes if such disclosures were made through a paper record or other health record that is not electronic, as set forth in federal regulations. If you request an accounting of disclosures of your PHI, the accounting may include disclosures made for the purpose of treatment, payment and health care operations to the extent that disclosures are made through an electronic health record.

To request an accounting of disclosures, you must submit your request in writing to our Privacy Officer at the address listed on the first page of this notice. Your request must state a time period which may not be longer than 6 years and may not include dates before April 14, 2003. The first list you request within a 12 month period will be free. For additional lists, we may charge you for the costs of providing the list. We will notify you of the cost involved and you may choose to withdraw or modify your request at that time before any costs are incurred.

**4. Right to Request Restrictions:** You have the right to request a restriction or limitation on the use and disclosure of your PHI. You also have the right to request a restriction or limitation on the disclosure of your PHI to someone who is involved in your care or the payment for your care, such as a family member or friend. For example, you could ask that we restrict a specified nurse from use of your PHI or that we not disclose information to your spouse about a surgery you had.

If you pay for a service entirely out-of-pocket, you may request that information regarding the service be withheld and not provided to a third party payor for purposes of payment or health care operations. We are obligated by law to abide by such restriction.

To request a restriction on the use and disclosure of your PHI, you must make your request in writing to our Privacy Officer at the address listed on the first page of this notice. In your request, you must tell us what information you want to limit and to whom you want the limitations to apply. We will notify you of our decision regarding the requested restriction. If we do agree to your requested restriction, we will comply with your request unless the information is needed to provide you emergency treatment.

**5. Right to Receive Confidential Communications:** You have the right to request that we communicate with you about your PHI in a certain way or have such communications addressed to a certain location. For example, you can ask that we only contact you at work or by mail to a post office box.

To request confidential communications, you must make your request in writing to our Privacy Officer at the address listed on the first page of this notice. Your request must specify how or where you wish to be contacted.

**6. Right to a Paper Copy of this Notice:** You have the right to obtain a paper copy of this notice at any time upon request. At the time of first service rendered, we are required to provide you with a paper copy of this notice. To obtain a copy of this notice at any other time, please request it from our Privacy Officer at the address listed on the first page of this notice.

**7. Right to Revoke Authorization:** If you execute any authorization(s) for the use and disclosure of your PHI, you have the right to revoke such authorization(s), except to the extent that action has already been taken in reliance on such authorization.

#### **HOW WE MAY USE AND DISCLOSE YOUR PROTECTED HEALTH INFORMATION WITHOUT YOUR AUTHORIZATION:**

The following categories describe different ways that we may use and disclose your PHI without your authorization.

**1. For Treatment:** We may use your PHI to provide you with health care treatment or services. We may disclose your PHI to other doctors, nurses, technicians, health students, or other personnel who are involved in taking care of you. For example, another doctor treating you for a broken leg may need to know if you have diabetes because diabetes may slow the healing process.

**2. For Payment:** We may use and disclose your PHI so that the treatment and services you receive from us may be billed to and payment collected from you, an insurance company, or a third party. For example, we may need to give your health plan information about your visit to our practice so your health plan will pay us or reimburse you for the visit. We may also tell your health plan about a treatment you are going to receive to obtain prior approval or to determine whether your plan will cover the treatment.

**3. For Health Care Operations:** We may use and disclose your PHI for operations of our practice. For example, we may use health information to review our treatment and services and to evaluate the performance of our staff in caring for you.

**4. For Research:** We may disclose your PHI for the purpose of research. We will only disclose your PHI for research purposes upon your express authorization or if the research protocol has been approved by an institutional review board that has reviewed the research proposal and established protocols to ensure the privacy of your PHI.

**5. As Required By Law:** We may disclose your PHI when required to do so by federal, state, or local law.

**6. To Avert a Serious Threat to Health or Safety:** We may use and disclose your PHI when necessary to prevent a serious threat to your health and safety or the health and safety of the public or another person.

**7. Military and Veterans:** If you are a member of the armed forces or separated/discharged from military services, we may release your PHI as required by military command authorities or the Department of Veterans Affairs as may be applicable. We may also release health information about foreign military personnel to the appropriate foreign military authorities.

**8. Workers' Compensation:** We may release your PHI as authorized by, and in compliance with, laws related to workers' compensation and similar programs established by law that provide benefits for work-related illnesses and injuries without regard to fault.

**9. Public Health Activities:** We may disclose your PHI for public health activities. These activities generally include the following:

**10. Health Oversight Activities:** We may disclose your PHI to a health oversight agency for activities authorized by law. These oversight activities include, for example, audits, investigations, inspections, and licensure. These activities are necessary for the government to monitor the health care system, government programs, and compliance with civil rights laws.

**11. Lawsuits and Disputes:** If you are involved in a lawsuit or a dispute, we may disclose your PHI in response to a court or administrative order. We may also disclose your PHI in response to a subpoena, discovery request, or other lawful process by someone else involved in the dispute, but only if efforts have been made to tell you about the request or to obtain an order protecting the information requested.

**12. Law Enforcement:** We may disclose your PHI to law enforcement officials for law enforcement purposes including the following:

- in reporting certain injuries, as required by law, gunshot wounds, burns, injuries to perpetrators of crime;
- in response to a court order, subpoena, warrant, summons or similar process;
- to identify or locate a suspect, fugitive, material witness, or missing person;
- about the victim of a crime, if the victim agrees to disclose or under certain limited circumstances, we are unable to obtain the person's agreement;
- about a death we believe may be the result of criminal conduct;
- about criminal conduct at our facility; and
- in emergency circumstances to report a crime; the location of the crime or victims; or the identity, description, or location of the person who committed the crime.

**13. Organ and Tissue Donation:** We may disclose your PHI to organizations involved in the procurement, banking, or transplantation of cadaveric organs, eyes or tissue, for the purpose of facilitating organ and tissue donation where applicable.

**14. Abuse, Neglect and Domestic Violence:** We may disclose your PHI to an appropriate governmental authority if we reasonably believe that you may be a victim of abuse, neglect, or domestic violence. We will only make this disclosure if you agree or when required or authorized by law.

**15. Coroners, Health Examiners and Funeral Directors:** We may disclose your PHI to a coroner or health examiner.
